RE: Wildwood Bridge Sewer Relocation Rock

1. Proposal (what is the new item/service being requested) \_\_\_\_\_

When the sewer line was being relocated during the Wildwood Road Bridge project, large amounts of rock were encountered. This is the additional cost required to breakthrough the rock on this project.

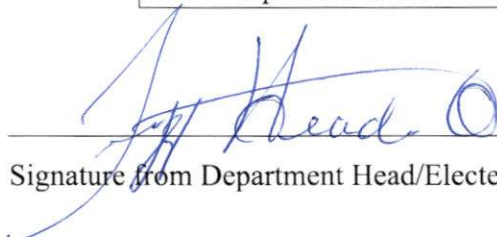

2. Current Operations (how are operations without the request and impact if not funded) \_\_\_\_\_

Sewer line relocation would not be possible and the bridge repairs could not continue

3. Impact if funded (provide summary if the request is approved) \_\_\_\_\_

Wildwood Road bridge will be repaired and the sewer line will no longer be located on the bridge which makes repairs more difficult.

Budget Impact	
Original Budget	\$ 173,962.80
Amendment Impact	\$ 73,284.85
Proposed Revised Budget	\$ 247,247.65
