(Note: Additions are **italicized and underlined**. Deletions are ~~struck through~~.)

**That Section 7.20.C. be amended as follows:**

C. Open Space Requirements. For purposes of this section, open space shall:

- (1) Comprise a minimum of ~~forty (40)~~ **thirty (30)** percent of the gross project area; and
- (2) Be designated so that a minimum of twenty-five (25) percent of the proposed open space is contiguous and, where possible, adjoins open space or other protected areas outside the project area; and
- (3) Be designated so that, where possible, a majority of the lots directly abut open space to provide residents with direct views and access; and
- (4) Be accessible by safe and convenient pedestrian access from all adjoining lots (except in the case of farmland or other resources areas vulnerable to trampling damage or human disturbance); and
- (5) Be calculated as follows:
  - a. Primary open space. Primary open space is land set aside that is free of development hindrances and is otherwise suitable for inclusion in calculations toward lot area of a standard subdivision. For purposes of this section, the dedication of primary open space is credited at a 1:1 ratio toward calculation

of the minimum open space requirement. For example, one (1) acre of otherwise developable land would count as one (1) acre toward the minimum ~~forty (40)~~ thirty (30) percent of the gross project acreage.

- b. Secondary open space. Secondary open space is defined as any area otherwise hindered for development, including but not limited to, drainage easements and/or stormwater detention or retention areas, areas within a sink hole, floodplains, access easements, setbacks required from wells, setbacks required from water bodies, areas greater than thirty (30) percent slope, areas geologically constrained by rock outcrop, or any area deemed as a development hindrance in assessing lot area required for septic capability by the Director of the Blount County Environmental Department based upon field inspection. The dedication of secondary open space is credited at a 0.5:1 ratio toward calculation of the minimum requirement. For example, a one (1) acre stormwater pond would count as 0.5 acres toward the minimum ~~forty (40)~~ thirty (30) percent of the gross project acreage; and

**BE IT FURTHER RESOLVED** that this resolution shall be in force and become effective upon its adoption, the public welfare requiring it.
