INTERLOCAL AGREEMENT

THIS INTERLOCAL AGREEMENT is made and entered into pursuant to the provisions of T.C.A. § 5-1-113, § 5-1-114, § 12-9-104 and/or § 12-9-108 by and between BLOUNT COUNTY, TENNESSEE (hereinafter "Blount County") and KNOX CHAPMAN UTILITY DISTRICT, a utility district organized and existing under the laws of the State of Tennessee and doing business and serving customers in Blount County, Tennessee, (hereinafter "KCUD").

WITNESSETH:

WHEREAS, the federal government has enacted the American Rescue Plan Act of 2021 (ARPA) on March 11, 2021 to provide federal funding to state and local governments for, among other projects, investments in water and sewer infrastructure; and

WHEREAS, Blount County has been allocated $12,885,976 directly for this purpose from this grant Act; and

WHEREAS, the Tennessee Department of Environment and Conservation (TDEC) has received ARPA funds and will distribute $6,619,757 locally to Blount County; and

WHEREAS, TDEC has issued a new source document entitled "Water Infrastructure Investment Plan Updates" dated February 3, 2022 which identifies recipients, the total allocation received by each recipient and the corresponding co-funding level required and this document is attached hereto as Exhibit 1; and

WHEREAS, Blount County has needs throughout the County for water and sewer infrastructure updates; and

WHEREAS, Blount County is not directly in the business of operating water or sewer facilities, but utilizes the various utility districts throughout and adjoining the County to provide these services to its citizens; and

WHEREAS, Knox Chapman Utility District (KCUD) is a utility district which provides utility services to Blount County, Tennessee; and

WHEREAS, Blount County and KCUD have agreed for KCUD to construct certain water and sewer infrastructure upgrades with the ARPA grant funds described above, which are four (4) separate utility projects: (1) Chapman Highway, Bore and Jack 12" pipe 5,000 along Burnett Station Road; (2) Hinkle Road replace 10,000 feet of 4" asbestos cement pipe with 8" DIP; (3) extend 8" DIP 3,555 feet along Sevierville Road and Cunningham Road to interconnect with TUD; and (4) new interconnect to TUD, flow of 1,000 GPM Booster Pump Station, required/add check valve to existing TUD meter, all as set forth in Appendix B hereto; and

WHEREAS, Blount County is the recipient of the ARPA funds and Blount County will fund and administer the projects in a manner consistent with the program objectives and terms and conditions of the award and will follow all applicable state, federal and local guidelines; and

WHEREAS, KCUD will act as project manager and will be required to follow all applicable federal, state and local guidelines; and

WHEREAS, for the project duration, all materials will be assets of Blount County and at project conclusion, Blount County will evaluate the work and determine that all goals and objectives have been met and that all work has been met and that all work has been satisfactorily completed; and

WHEREAS, upon satisfactory completion of the projects, the matter will come back before the Blount County Commission at which time the approval of the Commission will be sought to dedicate the assets constructed back to the utility district for operation and maintenance; and

WHEREAS, pursuant to the ARPA, all projects must be completed by December 31, 2026.

NOW, THEREFORE, for and in consideration of the premises and the mutual covenants and agreements contained herein, it is agreed by and between the parties hereto as follows:

1. Blount County will fund the four (4) projects with Knox Chapman Utility District as outlined in Appendix B, which include: (1) Chapman Highway, Bore and Jack 12" pipe 5,000 along Burnett Station Road; (2) Hinkle Road replace 10,000 feet of 4" asbestos cement pipe with 8" DIP; (3) extend 8" DIP 3,555 feet along Sevierville Road and Cunningham Road to interconnect with TUD; and (4) new interconnect to TUD, flow of 1,000 GPM Booster Pump Station, required/add check valve to existing TUD meter.

2. Blount County agrees that it will fund and administer these projects in a manner consistent with the program objectives and terms and conditions of the award and follow all applicable federal, state and local guidelines.

3. Blount County and Knox Chapman Utility District agree that they will follow the requirements outlined in the "Water Infrastructure Investment Plan Updates" attached hereto as Exhibit 1.

4. Knox Chapman Utility District will act as the project manager and perform the construction and will be required to follow all applicable federal, state and local guidelines.

5. For the duration of the project, all of the materials will be assets of Blount County, Tennessee.

6. At the projects' conclusion, Blount County will evaluate the work to determine that all goals and objectives have been met and that all work has been satisfactorily completed.

7. Upon conclusion of the projects, if Blount County approves and determines the work has been satisfactorily completed, it is anticipated that the matter will come back before the Blount County Commission wherein they will be asked for approval to dedicate the assets constructed in the projects back to the utility district for the continued operation and maintenance.

8. The parties agree that all of the projects must be completed by December 31, 2026 pursuant to the terms of ARPA. Both parties agree that they will fully and completely follow the program objectives, terms and conditions as set forth under the ARPA and any other guidelines issues by the federal, state or local government through the completion of this project.

9. The parties agree that the monies herein are all coming from the funding from the ARPA and the State of Tennessee as grants and that no local money will be utilized on the project.

10. This agreement shall be submitted to the Blount County Commission for approval and to the managing Board of Directors of the Knox Chapman Utility District for approval. Upon approval of both entities, the same shall be executed by an executive officer of each entity.

IN WITNESS WHEREOF, the parties have executed duplicate counterparts of this agreement each of which shall be deemed an original, as of the 21st day of April, 2022.

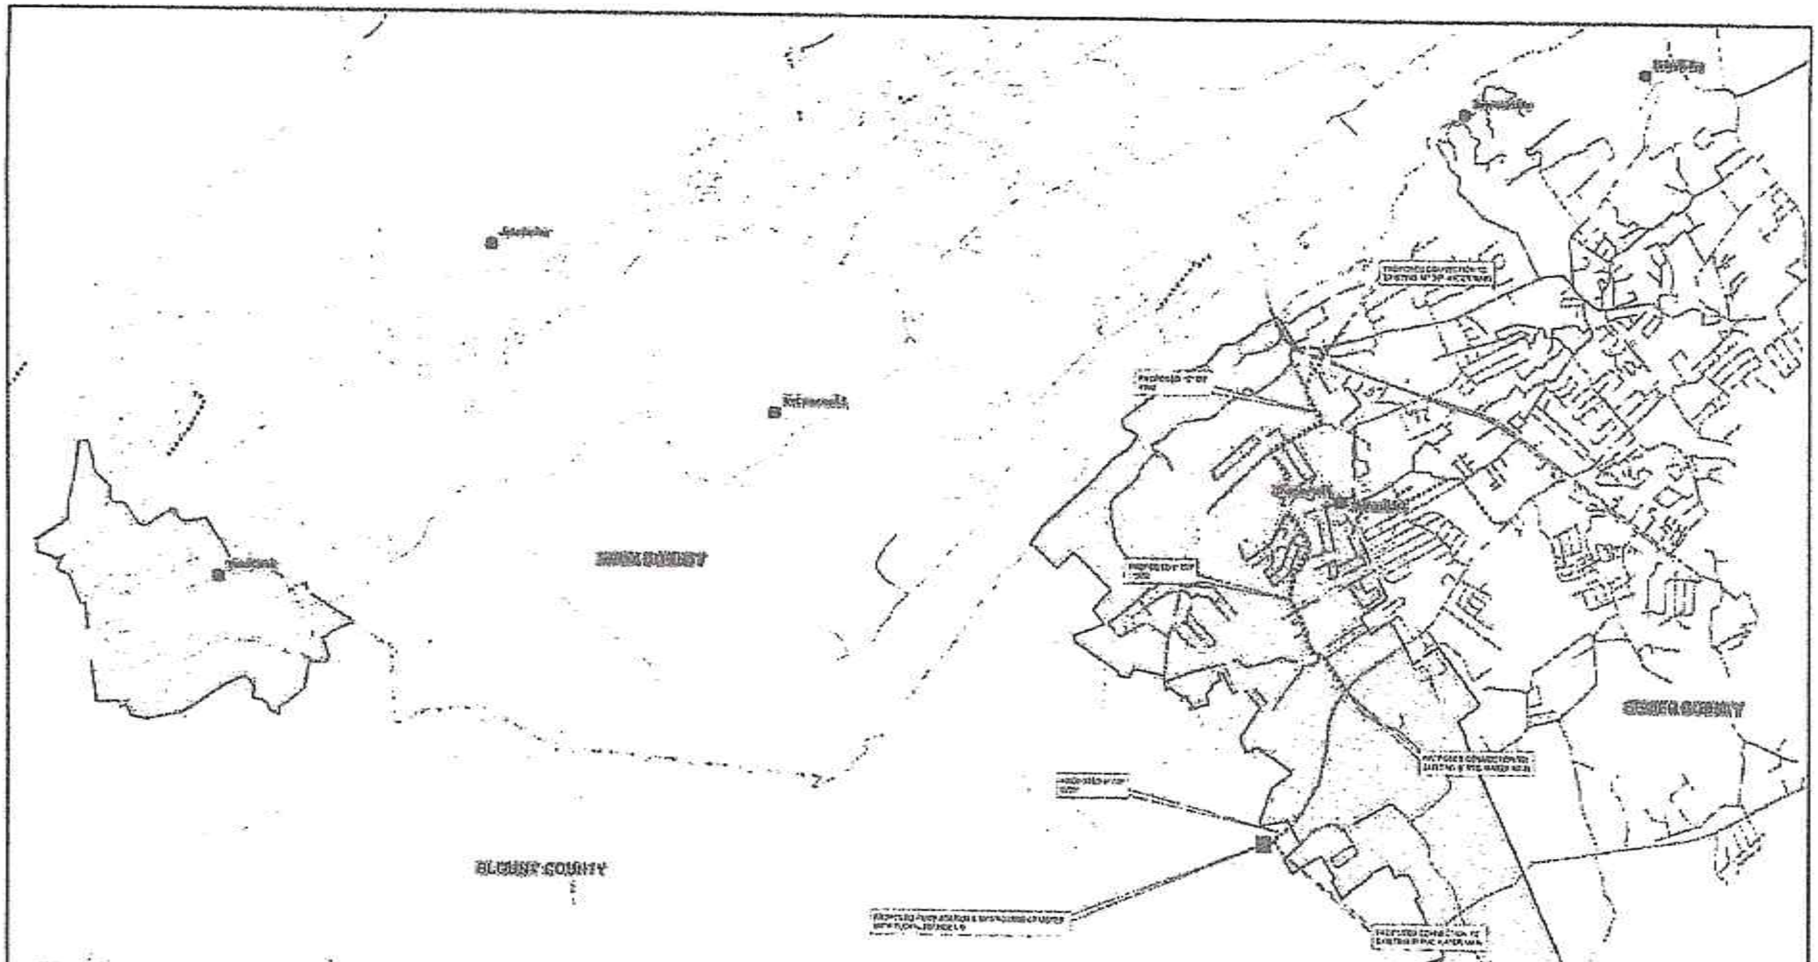
KCUD Improvements to serve Blount Co. Residents and TUD

Knox Chapman	Chapman Hwy, Bore and Jack 12" pipe 5,000 along Burnett Station Rd	$1,030,800
	Hinkle Rd, Replace 10,000 feet of 4" Asbestos Cement Pipe with 8" DIP	$1,150.000
	Extend 8" DIP 3,555 feet along Sevierville Rd and Cunningham Rd to interconnect with TUD	$404,200
	New Interconnect to TUD, flow of 1,000 gpm Booster Pump Station, required/ Add Check Valve Existing TUD Meter	$215,000
TOTAL		**$2,800,000**



KCUD has a service area of just under 10 square miles with approximately 1710 service connections in Blount County ranging from 3/4" residential meters to 8" commercial meters.

KCUD has two interconnection meters with Blount County. A 12" connection on Maryville Pk which is normally closed, connecting to Alcoa Utilities, and a 4" connection on Burnett Station Rd which is normally open, supplying water to Tuckaleechee UD.

Water Infrastructure Investment Plan Updates

February 3, 2022

I. UPDATES

Reduced Co-Funding and Elimination of Local ARP Co-Funding Incentive

U.S. Treasury's Final Rule guiding eligible uses of ARP funds established a fixed amount election (referred to as the "standard allowance") of $10 million for revenue loss in addition to the option to calculate revenue loss caused by the pandemic utilizing a formula. Considering this additional streamlined option, the Tennessee Department of Environment & Conservation (TDEC) decided to eliminate the previously included incentivization strategy of utilizing local ARP funds to meet co-funding requirements. Instead, TDEC lowered all subrecipient co-funding requirements by 5%, reducing the co-funding requirement range from 20-40% to 15-35%. New co-funding requirements are reflected in the updated funding allocation table attached to this document.

The other two incentive strategies – addressing state priority areas of emphasis and submitting a collaborative proposal – are still included. Cities and counties may utilize one of those strategies for an additional 5% co-funding reduction.

Inclusion of Four Additional Cities

In the *Water Infrastructure Investment Plan*, released December 17, 2021, TDEC identified eligible subrecipients as all counties and eligible cities. Eligible cities are those that are incorporated and operate and manage a drinking water or wastewater system or a permitted stormwater system. In creating this list, TDEC did not include four cities that jointly own and operate systems – Caryville, Jacksboro, Dowelltown, and Liberty. These cities *do* meet eligibility criteria and are therefore included in the modified funding allocation table below. Other city and county allocations have not changed relative to the December 2021 version.

Proposed Non-Competitive Grant Allocations and Co-Funding Requirements by City and County
