Blount County Highway Superintendent

RE: Requesting Additional Funding to repair Long Rifle Road Slip,  
Blair Loop Road Slip, and Helton Road Bridge

DATE: September 25, 2023

There has been a road slip on Long Rifle Road and Blair Loop Road that has made it unsafe for travel. The bridge on Helton Road needs repairs to make it safe for travel. Therefore, it is requested at this time that a use of fund balance be used to do the necessary repairs to make this road safe for travel. By allowing this budget increase, the Blount County Highway Department can continue to make the roadways of Blount County as free from danger as possible for the citizens.
