and

WHEREAS, cooperative purchasing agreements allow governments to purchase goods and services from other local, state, and national cooperative purchasing alliances that have been competitively bid under the same circumstances required by law by the purchasing entity; and

WHEREAS, these cooperative purchasing agreements allow local governments to obtain the best pricing available for competitively bid goods and services applicable under this law while also reducing time and personnel resources: and

WHEREAS, Tennessee Code Annotated § 12-3-1205 states as follows;

(a) Any municipality, county, utility district, or other local government of the state may participate in, sponsor, conduct or administer a cooperative purchasing agreement for the procurement of any supplies, services or construction with one (1) or more other local governments in accordance with an agreement entered into between the participants. Such cooperative purchasing may include, but is not limited to, joint or multi-party contracts between local governments. Where the participants in a joint or multi-party contract are required to advertise and receive bids, it shall be sufficient for those purposes that the purchasing entity comply only with its own purchasing requirements.

(b)

(1) Notwithstanding any other law to the contrary, any municipality, county, utility district, or other local government of the state may participate in, sponsor, conduct, or

administer a cooperative purchasing agreement for the procurement of any goods, supplies, services, or equipment with one (1) or more other governmental entities outside this state, to the extent the laws of the other state permit the joint exercise of purchasing authority, or with an agency of the United States, to the extent federal law permits the joint exercise of purchasing authority, in accordance with an agreement entered into between or among the participants; provided, such goods, supplies, services, or equipment were procured in a manner that constitutes competitive bidding and were advertised, evaluated, and awarded by a governmental entity and made available for use by other governmental entities.

- (2) A municipality, county, utility district, or other local government of the state may participate in a master agreement by adopting a resolution accepting the terms of the master agreement. If a participant in a joint or multi-party agreement is required to advertise and receive bids, then it will be deemed sufficient for those purposes that the purchasing entity or the entity that procured the bid complied with its own purchasing requirements.
