Alcohol and Drugs Policy pg. 19

In compliance with the Drug-Free Workplace Act of 1988, and the Code of Federal Regulations, Title 49, Part 382, the Blount County Highway Department has a longstanding commitment to providing a safe, quality-oriented work environment consistent with the standards of the County in which we serve. This policy outlines the practice and procedure designed to correct instances of identified alcohol and/or drug use in the workplace. This policy continues to apply to all employees of the Blount County Highway Department.

Employee Assistance and Drug-Free Awareness

The Blount County Highway Department will assist and support employees who voluntarily seek help for such problems with drug and alcohol misuse. Such employees will be allowed to use accrued paid time off, go on unpaid FMLA, be referred to the County's employee assistance program and otherwise accommodated as required by law. Such employees may be required to document that they are successfully following prescribed treatment and to take and pass follow-up tests. Once a drug test has been scheduled, the employee will have forfeited their right to be granted allowance of accrued paid time off for treatment and their employment will be terminated.

Fitness of Duty

Employees should report to work fit for duty and free of any adverse effects of illegal drugs or alcohol. This policy does not prohibit employees from the lawful use and possession of prescribed medications. Employees must, however, consult with their doctors about the medications' effect on their fitness for duty and ability to work safely and promptly disclose any work restrictions to their supervisor. To protect the employee, other employees and our citizens, engaging in daily work routine and failing to inform your supervisor of side effects from prescribed medication could result in termination.

Decisions of reasonable suspicion should be made by first hand observation.

The employee will be advised that there is reasonable suspicion to believe that they are affected by illegal drugs or alcohol and the employee is being asked to take this test to confirm or deny this suspicion.
