Re: **Rifles and AEDs approved in FY24-25 Budget**

---

Budget Committee Members and Commissioners,

The funds for these expenditures were recommended by the Budget Committee and approved by the Commission, as part of the FY24-25 budget for Fund 101.

As per the new process for appropriating capital expenditures, we are bringing the request to you now, asking you to approve the appropriation for the Carbine Rifles- 28 (\$83,000) and the AEDs-10 (\$40,000), to replace those nearing end of useful life.

Thank you for your consideration,

Jarrod Millsaps, Deputy Chief, Administration
