

## ARPA Utility Projects Monthly Update – October 2024

- The Tuckaleechee Utility District (TUD) Water System project is a competitive TDEC grant. Contractors have been prequalified for the project with a bid opening date in early November. This project is funded by both TDEC and the County's direct American Rescue Plan (ARP) allocation.
- The South Blount County Utility District (SBCUD) Chilhowee View Road Water Main Project that started in December of 2023 is at substantial completion. The Tuckaleechee Pike Water Main Project that started in mid-July is at over 50% completion. These projects are funded by the County's direct ARP allocation.
- The bid on the Knox Chapman Utility District (KCUD) Upgrade was released in late October with a bid opening date in late November. This project is funded by both TDEC and the County's direct ARP allocation.
- The bid for the City of Friendsville's water meter and water line replacement projects was released in mid-October with a tentative bid opening in mid-November. The grinder pump installation project has a tentative bid release date of mid-November. These projects are funded by the County's direct ARP allocation as well funding from TDEC and the City of Friendsville.
- The SBCUD's Town of Louisville water main project has a tentative bid release date of early November with a bid opening date in late November. This project is funded by both TDEC and the County's direct ARP allocation.
