RE: Requesting Additional Funding for Two (2) Message Boards

DATE: July 27, 2023

Blount County Highway Department currently has many projects beginning, in progress or slated to begin. With these projects, there is the need to inform the citizens of detours, upcoming road delays, or possible road closures. The purchase of these two message boards give the Highway Department another method by which the citizens can be informed of road hazards. It also closes the gap for citizens who doesn't have access to other medias. The Blount County Highway Department's goal is to make the roads as safe as possible for the citizens of Blount County. By purchasing these boards, the Highway Department can keep the citizens informed with the necessary work/repairs being done.
