Re: Stan Headrick -- Bio

Ref: Blount County BZA Board Member Appointment - in August 2018

Personal Bio of Stan Headrick

Applying for re-appointment to BZA for another term

Stan Headrick is a lifelong resident of Blount County and resides with his wife - Sharon - in West Miller's Cove in Walland. Education was at Walland Grade School thru Walland High School graduating with honors and having perfect attendance thru out high school. Continuing education was at the University of Tennessee in Knoxville with a BS majoring in Marketing graduating in 1969. Upon graduation, employment was in the plastics industry for 13 years in various sales management positions.

Stan and Sharon founded Fabtron, Inc in the mid 70's in Walland and is now located at 3806 East Lamar Alexander Parkway (across from Heritage High School) and continues to be one of the largest Saddle/Tack manufacturers in the USA - and is still a family owned business.

Parkway Mini Storage was founded in 1999 and is located in Walland and provide neat storage facilities for residents and business's in the Walland, Townsend, and immediate area.

Being involved in some way has always been a goal and has been a way that hopefully has been of benefit to growth and welfare of Blount county. Part of being involved has been as serving on the Planning Commission for a number of years prior to Zoning in 2000 and the establishment of the BZA. Serving as a BZA member since creation, the position as been approached with responsibility and dedication. It would be a honor to be appointed to serve another term.

Stan can be contacted at his home @ [REDACTED] or on his cell @ [REDACTED].
