RE: Budget Transfer for Insurance Reimbursement

DATE: July 25, 2024

The requested budget increase of \$4,078.85 is to reimburse the Highway Department for guardrail repair following a motor vehicle accident on Peterson Lane. A check in the amount requested has been sent from the driver's insurance company and the Highway Department has received the estimate from TN Guardrail for the same amount. The funds will be paid out to TN Guardrail upon completion of the repair.
