DECEMBER FINANCIAL REPORTS (INFORMATION ONLY)

# Memo

To: Blount County Legislative Body

From: Mayor Ed Mitchell

Re: Monthly Financial Report

Per T.C.A. § 5-12-111 (a), (b) (1),(2),(3),(c) (1),(2)

I have enclosed the monthly financial report for your review. I have been informed by the Director of Accounts and Budgets that at this point in time, there are no material adjustment to appropriations that should be made to keep the County budget in balance on normal individual line items.

November 15, 2018

The Honorable Ed Mitchell Mayor of Blount County 341 Court Street Maryville, TN 37804

Commissioner Ron French Chairman, Blount County Commission 359 Court Street Maryville, TN 37804

Dear Mayor Mitchell and Commissioner French:

The Blount Memorial Hospital Board Nominating Committee met recently and voted unanimously to submit Ms. Carolyn Forster and Mr. Clarence Williams to the Blount County Commission requesting approval for new three-year terms on the Blount Memorial Hospital Board of Directors. These terms would cover the calendar years of 2019, 2020, and 2021.

Ms. Forster and Mr. Williams have both proven to be excellent board members. Both currently serve on all the board committees: finance, institutional planning, human resources, professional affairs and joint conference committee. Both Mr. Williams and Ms. Forster bring excellent knowledge to the Board and have been very active. Enclosed are brief information sheets on Ms. Forster and Mr. Williams.

The nominating committee would appreciate your taking Mr. Williams' and Ms. Forster's nominations through the Commission's process as soon as practical. I would also appreciate your letting me know when the Commission has made its decision.

Thank you for your consideration in this matter,

Sincerely yours,

Robert P. Redwine, Chairman Blount Memorial Hospital Board Nominating Committee

RE: Recommendations for Budget Committee

DATE: January 2, 2019

For the consideration of the full commission, I am submitting my recommendation of the following names for reappointment to serve on the Budget Committee:

Tom Stinnett Jared Anderson Mike Caylor Sharon Hannum

Biographical Sketch Sharon Hannum

Sharon Hannum was born to Robert (Bobby) "and Edna "June" Hannum in Blount County, Tennessee and was educated at Hale Elementary, Maryville Jr. High and Maryville High School. She is a graduate of the Maryville High School class of 1969. She attended Draughon's Business College (currently South College) where she attained an Associates Degree in Business Administration.

Sharon spent seven years as an employee of the Carborundum Company, Pollution Control Division in Knoxville, TN and while working as a Marketing/PR Coordinator, received a phone call from The Aluminum Company of America, now known as Alcoa, Inc. and formerly known as "The Plant", recruiting her to employment at Alcoa. Sharon is currently retired from Alcoa, Inc. with 30 years of service. Sharon began her career as a Unit Supervisor in the North Ingot Department. She was recruited especially for this role, as there were no women in this traditionally male dominated position. After working as a Unit Supervisor for 7 years in the Ingot Department and rising to the level of Shift Supervisor, she transferred into Central Services, the Maintenance, Engineering and Utilities division of Tennessee Operations. It is from this division that she retired as an Area Coordinator.

Sharon is the mother of one son, Robert Todd Hannum, who is the light and joy of her life. Todd is a Regional Marketing and Sales Product Manager for Ramsey Industries and is presently residing in Atlanta, Georgia. Sharon is devoted to her family and St. Paul A.M.E. Zion Church of Maryville where she serves as a licensed Exhorter, serves on the Administrative Board, Class Leader, Board of Activities for the Jehovah-Jireh Food Ministry, Prayer Coordinator, Sunday School Teacher, Facilitator for Sisters 4 Tomorrow/Daughters of Imani Girls Mentoring Program, and Facilitator for the Intercessory Prayer Ministry and Pastor's Intercessory Prayer Team at her local church..

Sharon serves as a Maryville District Officer as Director of Young Adults in the Department of Christian Education and the District Intercessory Prayer Team. She further serves her church in the capacity of Tennessee Conference Director of Christian Education and was appointed by the Presiding Prelate of the Mid-West Episcopal Area as Mid-West Youth Director, Coordinator for the Mid-West Youth Leadership Institute and as a member of the Mid-West Prayer Team.

In the community Sharon currently serves as President of the Board of Trustees for the Blount County Public Library; Chair of the Jail Inspection Committee for Blount County Government; Board of Directors, Pellissippi State Community College Board of Trustees; Advisory Board New Opportunity School for Women and the Community Advisory Board for Denso Manufacturing Tennessee. Sharon has also developed and facilitates The Women's Support Network created to serve women who have been incarcerated and are seeking a new start in life, in collaboration with Blount County Global Women where she also serves on the Steering Committee for Blount County Global Women; member of the Blount County Ecumenical Action Council; Facilitates The Women in Business Focus Group for the Blount Chamber Partnership; and the United Way Food Pantry Collaboration and Helpline committees.

Sharon has been nominated for the AAUW Crystal Award in 2008 and the 2013 Athena Leadership Award, is the recipient of the 2014 Athena Leadership Award; the Mayor's Lifetime Achievement Award and was also named one of Blount County's Hero's for 2014. Sharon also received in December 2012 an award for Exemplary Service in Christian Education for the Central Region of the AME Zion Church and was the recipient of the 2013 MLK, Jr.

Committee, "Anthony Dunnings" Community Service Award. Sharon is also a 1998 graduate of Leadership Blount.

It is Sharon's desire to live her life in service to church and community as God would have her to serve and love as God has called her to love...with Christ as her model.

### Past community service:

Martin Luther King Jr. Committee (22 years; 17 years as chair)
Blount Chamber Foundation (10 years; and also served on the Board of Directors)
Blount Education Initiative
Established Blount Achieves which is now part of Tennessee Achieves
Alcoa City Schools Foundation (9 years as Chair)
Co-Chair of the East Tennessee Women's Leadership Summit (until December of 2014)
Board of Directors for Leadership Blount (Alumni of class of 1998)
Advisory Board for the Daily Times

January 3, 2019

Honorable Ed Mitchell Blount County Mayor 341 Court Street, Maryville TN 37804

Dear Mayor Mitchell:

Thank you for the opportunity to meet with you and Randy Vineyard to learn more about the vacancy on the Blount County Public Building Authority. As follow up to our conversation, I am interested in serving on the PBA and am attaching my resume for your consideration.

I have strong ties to Blount Country having lived here for the past 25 years, as well being married to a Blount County native who has been very active in civic and political affairs. During this time, we have both owned various small business in Blount County. I am currently the owner of Louisville Mercantile, a gift/vintage/DIY shop located in Louisville and Maryville.

I consider the opportunity to serve and give back to the community where I live a privilege, and appreciate your favorable consideration for this appointment. If you have any questions or need additional information, please let me know.

Sincerely,

Sylvia Shannon Davis

Biographical Sketch Sharon Hannum

Sharon Hannum was born to Robert (Bobby) "and Edna "June" Hannum in Blount County, Tennessee and was educated at Hale Elementary, Maryville Jr. High and Maryville High School. She is a graduate of the Maryville High School class of 1969. She attended Draughon's Business College (currently South College) where she attained an Associates Degree in Business Administration.

Sharon spent seven years as an employee of the Carborundum Company, Pollution Control Division in Knoxville, TN and while working as a Marketing/PR Coordinator, received a phone call from The Aluminum Company of America, now known as Alcoa, Inc. and formerly known as "The Plant", recruiting her to employment at Alcoa. Sharon is currently retired from Alcoa, Inc. with 30 years of service. Sharon began her career as a Unit Supervisor in the North Ingot Department. She was recruited especially for this role, as there were no women in this traditionally male dominated position. After working as a Unit Supervisor for 7 years in the Ingot Department and rising to the level of Shift Supervisor, she transferred into Central Services, the Maintenance, Engineering and Utilities division of Tennessee Operations. It is from this division that she retired as an Area Coordinator.

Sharon is the mother of one son, Robert Todd Hannum, who is the light and joy of her life. Todd is a Regional Marketing and Sales Product Manager for Ramsey Industries and is presently residing in Atlanta, Georgia. Sharon is devoted to her family and St. Paul A.M.E. Zion Church of Maryville where she serves as a licensed Exhorter, serves on the Administrative Board, Class Leader, Board of Activities for the Jehovah-Jireh Food Ministry, Prayer Coordinator, Sunday School Teacher, Facilitator for Sisters 4 Tomorrow/Daughters of Imani Girls Mentoring Program, and Facilitator for the Intercessory Prayer Ministry and Pastor's Intercessory Prayer Team at her local church..

Sharon serves as a Maryville District Officer as Director of Young Adults in the Department of Christian Education and the District Intercessory Prayer Team. She further serves her church in the capacity of Tennessee Conference Director of Christian Education and was appointed by the Presiding Prelate of the Mid-West Episcopal Area as Mid-West Youth Director, Coordinator for the Mid-West Youth Leadership Institute and as a member of the Mid-West Prayer Team.

In the community Sharon currently serves as President of the Board of Trustees for the Blount County Public Library; Chair of the Jail Inspection Committee for Blount County Government; Board of Directors, Pellissippi State Community College Board of Trustees; Advisory Board New Opportunity School for Women and the Community Advisory Board for Denso Manufacturing Tennessee. Sharon has also developed and facilitates The Women's Support Network created to serve women who have been incarcerated and are seeking a new start in life, in collaboration with Blount County Global Women where she also serves on the Steering Committee for Blount County Global Women; member of the Blount County Ecumenical Action Council; Facilitates The Women in Business Focus Group for the Blount Chamber Partnership; and the United Way Food Pantry Collaboration and Helpline committees.

Sharon has been nominated for the AAUW Crystal Award in 2008 and the 2013 Athena Leadership Award, is the recipient of the 2014 Athena Leadership Award; the Mayor's Lifetime Achievement Award and was also named one of Blount County's Hero's for 2014. Sharon also received in December 2012 an award for Exemplary Service in Christian Education for the Central Region of the AME Zion Church and was the recipient of the 2013 MLK, Jr.

Committee, "Anthony Dunnings" Community Service Award. Sharon is also a 1998 graduate of Leadership Blount.

It is Sharon's desire to live her life in service to church and community as God would have her to serve and love as God has called her to love...with Christ as her model.

## **PUBLIC HEARINGS:**

Public hearing and possible action to amend the zoning map from S (Suburbanizing) to I (Industrial) by the City of Alcoa for a 53.68 acre tract of land at 123 and 157 Sparks Road, Friendsville (Tax map 067 parcel 013.00):

The City of Alcoa recently acquired the property and requested a rezone into the Industrial district. Current plans for the property include moving the office for the landfill to the site as well as excavation of cover dirt from the site to use at the landfill, and there are no current plans to expand actual landfill cells. This use is allowed in the Industrial Zone. The development of the property would be subject to review and approval of a site plan by the Planning Commission or a Special Exception by the Board of Zoning Appeals.

All notifications and signage for the public hearing were posted as required.

Joanna Peterson inquired about the boundaries from her property, which is adjacent to the 53.68 acre tract, if Alcoa wanted to use it to expand the landfill cells. It was noted if the tract was to be used for landfill cells it would have to go before the Tennessee Department of Environment and Conservation (TDEC) for approval and there are required setbacks from property lines and streams.

No one else spoke and the public hearing was closed.

Commissioner Walker made a motion to forward a favorable recommendation to County Commission to amend the zoning map from S zone to I zone for 123 and 157 Sparks Road; seconded by Commissioner Hodge. Motion received unanimous approval.

#### Summary

The City of Alcoa has recently acquired this property and is requesting a rezone into the County's Industrial district. Current plans for the property include moving the office for the landfill to the site as well as excavation of cover dirt from the site to use at the landfill. Industrial zoning would allow for these uses with approval of a site plan by the Planning Commission (for the office). The

City of Alcoa has stated that there are no current plans to expand actual landfill cells to this property. Such an expansion would require extensive permitting by the Tennessee Division of Solid Waste Management, approval by the County's Board of Zoning Appeals as a Special Exception, and approvals from any other applicable government agency.

As with all rezoning requests, the Commission must review this request on its own merits, with no specific development plan in mind by considering all potential uses in the Industrial district (Section 9.5 included below). As mentioned above, development of the property would be subject to review and approval of a site plan by the Planning Commission or a Special Exception by the Board of Zoning Appeals.

Several exhibits have been attached for reference. The first is the signed application and a survey submitted with the request. The second shows the current zoning districts and relative location of the property. Third is an aerial view of the property. Fourth is from the property assessor's online tax maps that also shows the Flood Hazard Areas (none within project boundaries). Note that the State's assessment data has not been updated to reflect current ownership or the replat by Alcoa that combined 157 Sparks Road to the larger tract. The final map is a copy of the original zoning map in hard copy form with the approximate area to be rezoned hatched in red.

Alcoa City staff will be present to discuss the request.

Applicable code sections regarding the districts are included below for reference:

- Section 9.1 S Suburbanizing District. It is the purpose and intent of this district to regulate suburbanizing development of expected high to moderate density around the cities of Alcoa and Maryville, consistent with the overall purposes of this Resolution contained in Article 3, consistent with provisions in Public Chapter 1101 of 1998 (Tennessee Code Annotated Section 6-58-101, et seq), and consistent with plans adopted by Blount County.
  - A. Permitted Uses: one or two single family dwellings or manufactured home dwellings on a single lot, duplex dwellings, customary home occupations, group homes as provided in Tennessee Code Annotated, Section 13-24-101, *et seq*; churches, temples and other places of worship, cemeteries associated with churches and other places of worship; local, state and federal government and utility uses necessary for providing services to land or population within the district; and accessory structures customarily associated with the above uses.
  - B. Uses Permitted as Special Exceptions: multifamily dwellings including three or more of any dwelling units per lot (see also Section 7.6) and their associated sales or rental offices for the development, high density multifamily planned development (see also Subsections F and I below); family commercial enterprises (see Section7.10), nursing homes, retirement homes, sanitariums, assisted care living facilities, and resident facilities with special services, treatment, or supervision; day care facilities commercial cemeteries not associated with a church or other place of worship; government and utility uses of a regional character necessary for providing service to the land and population within a broader region including the district; bed and breakfast accommodations; golf driving range; and accessory structures customarily associated with the above uses.

- C. Uses Permitted as Special Exceptions with Specific Limitations: Indoor Sport Shooting Range (subject to provisions and requirements in Section 7.13); commercial campgrounds and recreational vehicle parks (see also section 7.18); Any commercial activity not specifically identified in sub-sections A or B above and which is allowed as a permitted use in the Commercial District in Section 9.4.A, provided that any such use shall be located only with access and frontage on an arterial or collector status road as specified on the Major Road Plan of any regional planning commission within the county as registered with the Register of Deeds office, and provided that any such use shall be conducted on a lot or tract of at least one acre, that any such use shall be housed in a structure with footprint no greater than 4,000 square feet and no greater than two stories, and that buffering of the use from surrounding residential land shall be constructed and maintained.
- D. Uses Prohibited: In the S Suburbanizing District, adult oriented establishments as defined in TCA 7-51-1101 et seq., and pain management clinics. All other uses are prohibited except those uses permitted specifically or by special exception by the Board of Zoning Appeals.
- E. Uses Requiring Site Plan Review: All uses permitted as special exception in sub-sections B and C above. Permitted uses in subsection A above requiring land greater than three acres, except one or two single family or manufactured home dwelling on a single lot, duplex dwelling on separate lot, and customary accessory structures to such excepted uses.
- F. Minimum Lot Size and Density: unless otherwise explicitly required in subsections above, the minimum lot size per unit for development shall be 30,000 square feet if septic tank and field line is utilized, or 7,000 square feet if public utility sewer is utilized. For other than one unit per lot, or for planned unit development, the density shall be no greater than 1.2 units per gross acre if septic tank and field line is utilized, or 6.2 units per gross acre if public utility sewer is utilized, provided that for high density multifamily planned development the maximum density shall be thirteen (13) units per acre (see also Subsection I below).
- G. Setback Requirements: All uses permitted or permitted as special exception shall comply with the following setback requirements, except as otherwise provided for in Articles 3 and 5 for lots of record and nonconforming situations.
- 1. Front Setback: the minimum depth of the front building setback shall be 30 feet from any road right-of-way or easement line, with the following exceptions: (a) the lot fronts on an arterial road as shown on the Major Road Plan of Blount County, in which case the front setback shall be 60 feet for principal arterial roads and 40 feet for major arterial roads, and (b) the lot has been previously platted on a plat registered with the Blount County Register of Deeds prior to the enactment of this Resolution in which case the minimum shall be as shown on the registered plat.
- 2. Rear Setback: the minimum building setback from the rear property line shall be 20 feet for the principal structure, and five feet for any accessory structure, provided that the rear setback shall be 40 feet, or greater as may be required by the Board of Zoning Appeals, for any special exception.
- 3. Side Setback: the minimum building setback from the side property line shall be ten (10) feet, provided that the side setback shall be 20 feet, or greater as may be required by the Board of Zoning Appeals, for any special exception.

H) Maximum Height of Structures: Unless otherwise explicitly allowed in other articles of this Resolution, the maximum height of structures shall be no greater than: 1) 35 feet for single family and duplex residential structures; 2) 40 feet to eave and 50 feet to ridge for hip and gable roofs for other primary use structures; and 3) 40 feet for all other types of roofs for other primary use structures. All accessory structures shall be no greater than 35 feet in height. Notwithstanding the above, along highways designated as Scenic Highway under

provisions of TCA 54-17-101 to 116, the maximum height of buildings shall be controlled by TCA 54-17-115, up to the maximum allowed in this subsection.

- I. Specific regulations for high density multifamily planned development: Notwithstanding other regulations in this resolution, high density multifamily planned development shall be considered as a Planned Unit Development under provisions of Section
- 7.3, shall require a site plan under Section 7.2, shall app y all requirements of a multifamily development under Section 7.6, and shall meet the following additional criteria and regulations:
  - 1. High density multifamily developments shall be located with direct frontage and have primary access onto Highway 321, Highway 411 South, or William Blount Drive, within the Urban Growth Boundary of Maryville and Alcoa set by the 1101 Growth Plan, and on land serviced by city sewer. Any secondary roads providing alternate access to a high density multifamily development shall be 18 feet of paved width with 2 foot shoulders on each side of the pavement, consistent with definitions and usage in the Subdivision Regulations of the Blount County Regional Planning Commission. Developments within 1000 feet of Highways 321 and 411 South, designated as Scenic Highways, shall meet additional height design requirements contained in TCA 54-17-115.
  - 2 The total developed footprint area of all primary and accessory structures shall not exceed 40% of the total site area.
  - 3. A total of fifteen percent (15%) of total site area shall be set aside and developed for useable recreation area for all residents of the high density multifamily planned development. Enclosed sauna and exercise rooms, meeting or activity rooms, and clubhouses are recreational areas that shall not satisfy the open space requirements. Unenclosed recreational facilities such as tennis courts, racquet ball courts, play grounds, and swimming pools are uses that will satisfy this requirement. No active recreation areas shall be located within required perimeter setbacks.
  - 4. All open space, common areas, and required recreation areas shall be maintained by one of the following methods: (a) by the developer or management authority of the development, or (b) by a Homeowner's Association. Documents to accomplish such maintenance shall be submitted with required site plans in form and content acceptable to the legal advisor of county government.
  - 5. If deemed necessary by the Board of Zoning Appeals, a detailed analysis and study of the public and private infrastructure serving the parcel shall be performed by the developer's engineer and consultants prior to final approval of any site plans or permits.
  - 6. If the development has more than 40 dwelling units, and abuts two or more public roads, the development shall provide access to at least two of the roads, with

main entrance and exit being oriented to the major arterial road. If the development has more than 40 dwelling units and only abuts one public road, the access roads interior to the project shall be looped to provide two entrances onto the public road.

- **Section 9.5 IND Industrial District**. It is the purpose and intent of this district to regulate industrial and other development of high to medium density around the cities of Alcoa and Maryville, consistent with the overall purposes of this Resolution contained in Article 3, consistent with provisions in Public Chapter 1101 of 1998 (Tennessee Code Annotated Section 6-58-101, *et seq*), and consistent with plans adopted by Blount County.
  - A. Permitted Uses: Excavation of minerals, rock, stone, sand, gravel, or top soil for mining purposes: Use of land and structures for manufacturing, mining, and related and similar operations with indoor and outdoor operations, and general manufacturing, creating, repairing, painting, cleaning and assembly of goods, merchandise and equipment; Fabrication of metal products, furniture, and fixture manufactory; Food production, textile mill production, apparel and other finished products made from fabrics, leather and similar materials; Lumber and wood product manufacturing; Professional and highly scientific and technical production; All types of wholesale trade industry.
  - B. Uses Permitted as Special Exceptions: Scrap and salvage operations, automobile wrecking, or junkyards; Paper or similar product manufacturing; Sanitary landfills and other waste disposal systems subject to the approval of Tennessee Department of Public Health and other applicable government agencies; any other industrial use not specified in subsection 9.5.A above. Indoor Sport Shooting Range (subject to provisions and requirements in

Section 7.13)

- C. Uses Permitted as Special Exceptions with Specific Limitations: none.
- D. Uses Prohibited: In the IND Industrial District, all uses are prohibited except those uses permitted specifically or by special exception by the Board of Zoning Appeals.
- E. Uses Requiring Site Plan Review: Permitted uses in subsection A above, all uses permitted as special exception in sub-sections B and C above, and any accessory structures to such uses.
- F. Minimum Lot Size and Density: All industrial lots shall be adequately sized to accommodate necessary parking requirements, setbacks, buffering, and soils requirements for any required on site septic disposal.
- G. Setback Requirements: All uses permitted or permitted as special exception shall comply with the following setback requirements, except as otherwise provided for in Articles

3 and 5 for lots of record and nonconforming situations.

- 1. Front Setback: the minimum depth of the front building setback shall be 40 feet from any road right-of-way or easement line, except when the lot fronts on a principal arterial or major arterial road as shown on the Major Road Plan of Blount County, in which case the front setback shall be 60 feet.
- 2. Rear Setback: the minimum building setback from the rear property line shall be 40 feet, provided that the rear setback may be greater as may be required by the Board of

Zoning Appeals for an industrial lot with a rear property line abutting a residential use lot, or abutting a lot in the S, R-1 or R-2 zone.

- 3. Side Setback: the minimum building setback from the side property line shall be 40 feet, provided that the side setback may be greater as may be required by the Board of Zoning Appeals for an industrial lot with a side property line abutting a residential use lot, or abutting a lot in the S, R-1 or R-2 zone.
- H. Maximum Height of Structures: Unless otherwise explicitly allowed in other articles of this Resolution, all structures shall be no greater than 35 feet higher than the highest natural grade immediately adjacent to the structure, provided that the Board of Zoning Appeals may waiver this requirement if the industrial operation or process requires a greater height.

#### Memo

Date: December 13, 2018

To: Blount County Commission

Re: Response to Commissioner Inquiry

From: Alcoa-Maryville-Blount County Landfill

On December 11, 2018 the Blount County Zoning Board discussed and placed on upcoming Commission agenda the Sparks property purchased by the Regional Landfill as an excavation site and future location for office space. Several questions were raised during the discussing with some potential misunderstanding of the intended use of the property. To clarify the intent of the property acquisition and rezoning request that the Alcoa-Maryville-Blount County Landfill has placed on the agenda the following questions are being answered and exhibits being supplied to Commissioners.

After the meeting, Commissioner Joe McCulley posed some follow-up questions that are addressed below; other questions noted by City of Alcoa staff are answered as well.

#### Question 1: How long will the current landfill be in use?

Response 1: The current space is permitted for 61.72 years. This is based on current landfill usage. Recycling programs have extended the life of the landfill as has the prudent management of Landfill staff.

Question 2: Was the new land (Sparks Property) core drilled and soil tested for possible use as a landfill?

Response 2: No. This property's intent is for excavation material and office space. There are no plans to pursue landfill use on this property.

Question 3: It is understood that they are currently hauling dirt from this site (Sparks Property) to use as cover on the current site?

Response 3: We are not currently hauling dirt from the Sparks Property. The only thing hauled off of this property has been trash and debris left by the previous owners.

Question 4: How deep do they currently plan to dig the dirt?

Response 4: That information is not yet known at this time.

Question 5: Has there been any discussions or site review by the State on the new land for a possible landfill?

Response 5: No; there are no plans for waste disposal for this site. The primary purpose was for dirt for required cover of waste and for relocation of the Landfill offices. Use of the property for waste

disposal would require review by the TN Department of Environment and Conservation, public notice/public meetings regarding the proposed disposal, etc.

It has been verified by Revendra Awasthi, TDEC Director for East Tennessee that a permit was not required to remove dirt for cover material.

#### Question 6: What type is the creek on this site? And how large is this creek?

Response 6: Pistol Branch is the creek on site. It is relatively small (about \_\_\_ feet from baks to bank) and spring fed; it crosses both the landfill and the former Spark's property as shown on the exhibit.

#### Question 7: Where does the creek originate and where is it going to?

Response 7: Pistol Branch originates from a spring located on the landfill property below the current demolition site. Pistol Branch crosses the properties as shown on the exhibit.

#### Question 8: Will there be any change to the creek flow?

Response 8: There are no plans to make any changes to the creek flow. Any changes would require state permitting, inspections and meeting state regulations but there are no plans to alter the creek or its flow.

#### Question 9: How close to a residential house would any new landfill come?

Response 9: This site is not planned to have a landfill on it. With respect to the planned use of the property, there will be a minimum 200-foot boundary created before any dirt is excavated. At least 100' of this buffer (immediately adjacent to the property line) will also be a vegetative buffer/visual screen; no clearing will be done and trees, etc. will be allowed to grow naturally. The State's Solid Waste Regulations require a 100-foot boundary between the landfill property's and residences for any operations. The landfill and its State-permitted disposal areas are shown on the exhibits.

#### Question 10: Is any garbage currently burnt or is it all covered with dirt?

Response 10: The Regional Landfill is not permitted to burn garbage. The only items burnt are waste wood and untreated pallets. These are permitted to be burnt in the Air Curtain Destructor. All the other items are covered with the appropriate amount of material.

## Question 11: Is there anything else that you think Commissioner's should know before next week's meeting?

Response 11: Cover dirt is mandated by the Tennessee Department of Conservation (TDEC) and the Environmental Protection Agency (EPA). The intent of this purchase was to secure a source of cover material for the future. Also the existing home on the property will be converted to office space due to the current office which is located on the actual landfill in is in zone of the current fill material being used. There will be no additional traffic on the surrounding roads as the use for this property is internal and will be accessed from the landfill.

There were other questions / concerns raised during the course of the December 11 meeting among those were the following:

#### What are the traffic impacts to Ratledge Road and Sparks Road?

Response: Traffic impacts will be minimal. There are no plans to relocate the Landfill entrance to his property. Access to this property will be limited to Landfill employees and visitors to the Landfill office. Traffic will be considerably less than had the property been sold and subdivided into residential tracts / lots.

#### Will there be problems with dust from this operation?

Response: The Landfill receives very few – if any – off-site complaints of dust from the current operations. Dust that is generated on-site is generally from traffic traveling to and from the disposal areas. Little dust is generated from excavation operations. Nevertheless, a water truck is operated daily during dry weather to dampen roads and reduce dust generation along the internal roadways as well as haul roads for transport of soil.

RE: 2019 Annual Inflation Adjustment of the Financial Assurance for the *City of Alcoa/City of Maryville/Blount County Landfills,* Permit Nos. *DML050000091 North Area, DML050000091 South Area,* and *SNL050000105 Original Vertical & Lateral Expansion Phases 1 - 7* as required by the Regulations of the Division of Solid Waste Management

Dear Mr. Wiggins, Mayor Mull, Mayor Taylor, and Mayor Mitchell:

All county and municipal "Contracts in Lieu of Performance Bonds" must be adjusted annually for inflation by no later than the anniversary date of the issuance of the contract.

Rule Chapters 0400-12-01-.06(8) and 0400-11-01-.03(3) state that the inflation adjustment may be made by recalculating the closure and/or post-closure cost estimate in current dollars or by using an inflation factor derived from the most recent Implicit Price Deflator for the Gross National Product published by the U. S. Department of Commerce in its Survey of Current Business.

The staff of the Division of Financial Assurance & Business Process Improvement, utilizing data published by the U. S. Department of Commerce, has projected the inflation factor to be used for **2019** inflation adjustments as **2.30%**. The amount of your financial assurance instrument(s) from the **Year 2018** must be multiplied by **1.0230**. The permitted facility and/or the Department may reserve the right to adjust this figure later based upon revised data released by the U. S. Department of Commerce during the year.

Effective immediately, any County or Municipal Contract in Lieu of Performance Bond incurring an annual inflation adjustment shall not be processed by amendment until the cumulative amount of the adjustment(s) equals or exceeds TEN THOUSAND DOLLARS (\$10,000.00). This is a change from the previous threshold of Five Thousand Dollars (\$5,000.00). For example, if the inflation adjustment is \$4,000.00 in year one, \$5,000.00 in year two, and \$6,000.00 in year three, the amendment will be processed in year three when the total of adjustments exceeds \$10,000.00. We will continue to send your inflation adjustment figures annually for your records whether or not a contract amendment is required.

Mr. Wiggins, Mayor Mull, Mayor Taylor, and Mayor Mitchell City of Alcoa/ City of Maryville/ Blount County December 21, 2018 Page 2

Please review the amount(s) for each permit listed below. If any changes or modifications to your permit(s) have occurred, please contact us as soon as you receive this letter. The due date(s) and projected amount(s) for the inflation adjustment(s) of your financial instrument(s) are as follows:

2019 Inflation Adjustment(s)

Facility Permit No.	Financial Instrument Type & No.	Financial Instrument Anniversary Due Date	Present Amount of Financial Assurance On File	Inflation Adjustment/ Increase Required	Inflation Adjustment and Allowable Post-Closure Reduction	Total Required Amount of Financial Assurance

Please see the attached spreadsheets, which list in detail the amount of financial assurance required due to the **2019** annual inflation adjustment and/or post closure reduction (if applicable) for your permit(s). The spreadsheets also list the current amount of financial assurance on file for each permit.

#### PLEASE NOTE

(1) If you have been advised by the TDEC Field Office that the required post-closure activities at a permitted site listed herein have not been performed to the satisfaction of the Field Office Staff, do not reduce your financial assurance instrument until the Field Office has approved the performance of the required post-closure work.

**Mr. Wiggins,** please review the Amendments of Contract in Lieu of Performance Bonds, and upon your approval, have five (5) originals of each Amendment dated and signed by Mayor Mull, Mayor Taylor and Mayor Mitchell, to be returned to this office.

Please submit the inflation adjusted financial instrument(s) to the Division of Financial Assurance & Business Process Improvement to my attention at the address listed on the letterhead as indicated above. If you have any questions, please call me at (615) 532-8571, or you may email me at <a href="mailto:Debra.Long@tn.gov">Debra.Long@tn.gov</a>.

### **District Office Lease - Instructions**

### NO LEASE OR ATTACHMENT CAN BE SIGNED BEFORE THEY HAVE BEEN APPROVED BY THE ADMINISTRATIVE COUNSEL.

The term for a District Office Lease for the 116th Congress may not commence prior to January 3, 2019.

Members should endeavor to lease space through the last day of a congressional term rather than the last day of a calendar year. For the 116th Congress, leases should end on January 2, 2021, not December 31, 2020.

- A. The preamble has three blank lines to be filled in: (1) Landlord's name; (2) Landlord's address; and (3) Member/Member-Elect's name.
- B. Section 1 has three blank lines to be filled in: (1) square footage of the leased office (optional); (2) street address of the leased office; and (3) city, state and ZIP code of the leased office.
- C. Section 2 confirms that all amenities identified in the District Office Lease Attachment accompanying the Lease are to be provided by Lessor.
- D. Section 3 has two blank lines to be filled in: (1) date lease begins (must be on or after January 3, 2019); and (2) date lease ends (must be on or before January 2, 2021).
- E. Section 4 has one blank line for the monthly rent amount (write "zero" if no rent is to be paid).
- F. Section 5 has one blank line the number of days' notice required for either party to terminate the lease before the end of the term. A standard period is 30 days, but any figure is acceptable. If the lease may not be terminated early, enter "N/A" in this blank.
- G. Sections 1–9, other than filling in the blanks, may not be altered or deleted.
- H. Section 11 has space provided to list any additional lease provisions.
- I. Prior to either party signing a lease, the Member/Member-Elect must submit the proposed lease, accompanied by a copy of the District Office Lease Attachment for the 116th Congress, to the Administrative Counsel for review and approval. If the proposed terms and conditions of the lease are determined to be in compliance with applicable law and House Rules and Regulations, the Administrative Counsel will notify the Member/Member-Elect that (s)he may proceed with the signing of the lease. Please submit the proposed lease and District Office Lease Attachment either by e-mail in PDF form (leases@mail.house.gov) or fax (202-225-6999).
- J. The Member/Member-Elect is required to personally sign the documents. A signed and dated District Office Lease Attachment must accompany this lease. Once signed by both parties, the Lease and the District Office Lease Attachment must be submitted to the Administrative Counsel for final approval. They may be sent by email in PDF form (leases@mail.house.gov) or faxed to 202-225-6999.
- K. If approved, Administrative Counsel will send the forms to Finance so that payment can begin. If there are errors on the form, the Member office will be contacted and required to correct them.

The District Office Lease Attachment must accompany *every* Lease or Lease Amendment that is submitted for a Member/Member-Elect's District Office.

### NO LEASE, AMENDMENT OR ATTACHMENT CAN BE SIGNED BEFORE THEY HAVE BEEN APPROVED BY THE ADMINISTRATIVE COUNSEL.

The term of a District Office Lease or Amendment for the 116th Congress may not commence prior to January 3, 2019.

Members should endeavor to lease space through the last day of a congressional term rather than the last day of a calendar year. For the 116th Congress, leases should end on January 2, 2021, not December 31, 2020.

#### A few things to keep in mind:

- A. The Member/Member-Elect is required to personally sign the documents.
- B. The Member/Member-Elect must indicate in Section A ("Lease Amenities") of the Attachment whether the proposed leased space will serve as a flagship district office.
- C. The Lessor must complete the amenities checklist in Section A ("Lease Amenities"), unless the checkbox at the top of the amenities checklist is marked to indicate that amenities are listed elsewhere in the Lease.
- D. Broadband/cable availability can be checked by entering the address of the proposed leased space at <a href="https://broadbandmap.fcc.gov">https://broadbandmap.fcc.gov</a>. The Member/Member-Elect should still confirm broadband/cable status directly with the Lessor.
- E. Section B ("Additional Terms and Conditions") of the Attachment <u>SHALL NOT</u> have any provisions deleted or changed.
- F. Even if rent is zero, an Attachment is still required.
- G. Prior to either party signing a Lease or Amendment, the Member/Member-Elect must submit the proposed Lease or Amendment, accompanied by a copy of the Attachment, to the Administrative Counsel for review and approval. If the Administrative Counsel determines that the proposed terms and conditions of the Lease or Amendment are in compliance with applicable law and House Rules and Regulations, the Administrative Counsel will notify the Member/Member-Elect that (s)he may proceed with the execution of the Lease or Amendment. Please submit the proposed Lease or Amendment and Attachment either by e-mail in PDF form (leases@mail.house.gov) or by fax (202-225-6999).
- H. Once signed by both parties, the Lease or Amendment and the Attachment must be submitted to the Administrative Counsel for final approval. The Attachment should be submitted at the same time the Lease or Amendment is sent to the Administrative Counsel. They may be sent by email in PDF form (leases@mail.house.gov) or faxed to (202-225-6999).
- I. Without a properly signed and submitted Attachment, the Lease or Amendment cannot be approved and payments will not be made. The parties agree that any charges for default, early termination or cancellation of the Lease or Amendment which result from actions taken by or on behalf of the Lessee shall be the sole responsibility of the Lessee, and are not reimbursable from the Member's Representational Allowance.
- J. Lessor shall provide a copy of any <u>assignment</u>, <u>estoppel certificate</u>, <u>notice of a bankruptcy or foreclosure</u>, or <u>notice of a sale or transfer of the leased premises</u> to the Administrative Counsel by e-mail in PDF form (leases@mail.house.gov).

### **District Office Lease Attachment**

(Page 2 of 5 – 116th Congress)

## **SECTION B**(Additional Terms and Conditions)

- 1. Incorporated District Office Lease Attachment. Lessor (Landlord) and Lessee (Member/Member-Elect of the U.S. House of Representatives) agree that this District Office Lease Attachment ("Attachment") is incorporated into and made part of the Lease ("Lease") and, if applicable, District Office Lease Amendment ("Amendment") to which it is attached.
- 2. **Performance.** Lessor expressly acknowledges that neither the U.S. House of Representatives (the "House") nor its Officers are liable for the performance of the Lease. Lessor further expressly acknowledges that payments made by the Chief Administrative Officer of the House (the "CAO") to Lessor to satisfy Lessee's rent obligations under the Lease which payments are made solely on behalf of Lessee in support of his/her official and representational duties as a Member of the House shall create no legal obligation or liability on the part of the CAO or the House whatsoever. Lessee shall be solely responsible for the performance of the Lease and Lessor expressly agrees to look solely to Lessee for such performance.
- 3. Modifications. Any amendment to the Lease must be in writing and signed by the Lessor and Lessee. Lessor and Lessee also understand and acknowledge that the Administrative Counsel for the CAO ("Administrative Counsel") must review and give approval of any amendment to the Lease prior to its execution.
- 4. Compliance with House Rules and Regulations. Lessor and Lessee understand and acknowledge that the Lease shall not be valid, and the CAO will not authorize the disbursement of funds to the Lessor, until the Administrative Counsel has reviewed the Lease to determine that it complies with the Rules of the House and the Regulations of the Committee on House Administration, and approved the Lease by signing the last page of this Attachment.
- **Payments.** The Lease is a fixed term lease with monthly installments for which payment is due in arrears on or before the end of each calendar month. In the event of a payment dispute, Lessor agrees to contact the Office of Finance of the House at 202-225-7474 to attempt to resolve the dispute before contacting Lessee.
- **6. Void Provisions.** Any provision in the Lease purporting to require the payment of a security deposit shall have no force or effect. Furthermore, any provision in the Lease purporting to vary the dollar amount of the rent specified in the Lease by any cost of living clause, operating expense clause, pro rata expense clause, escalation clause, or any other adjustment or measure during the term of the Lease shall have no force or effect.
- 7. **Certain Charges.** The parties agree that any charge for default, early termination or cancellation of the Lease which results from actions taken by or on behalf of the Lessee shall be the sole responsibility of the Lessee, and shall not be paid by the CAO on behalf of the Lessee.
- **8. Death, Resignation or Removal.** In the event Lessee dies, resigns or is removed from office during the term of the Lease, the Clerk of the House may, at his or her sole option, either: (a)

### **District Office Lease Attachment**

(Page 3 of 5 – 116th Congress)

terminate the Lease by giving thirty (30) days' prior written notice to Lessor; or (b) assume the obligation of the Lease and continue to occupy the premises for a period not to exceed sixty (60) days following the certification of the election of the Lessee's successor. In the event the Clerk elects to terminate the Lease, the commencement date of such thirty (30) day termination notice shall be the date such notice is delivered to the Lessor or, if mailed, the date on which such notice is postmarked.

- **9. Term.** The term of the Lease may not exceed the constitutional term of the Congress to which the Lessee has been elected. The Lease may be signed by the Member-Elect before taking office. Should the Member-Elect not take office to serve as a Member of the 116th Congress, the Lease will be considered null and void.
- **10. Early Termination.** If either Lessor or Lessee terminates the Lease under the terms of the Lease, the terminating party agrees to promptly file a copy of any termination notice with the Office of Finance, U.S. House of Representatives, O'Neill Federal Building, Suite 3100, Attn: Office of Financial Counseling, Washington, D.C. 20515, and with the Administrative Counsel by e-mail at leases@mail.house.gov.
- 11. Assignments. Lessor shall not have the right to assign (by operation of law or otherwise) any of its rights, interests and obligations under the Lease, in whole or in part, without providing thirty (30) days prior written notice to Lessee, and any such purported assignment without such notice shall be void. Lessor shall promptly file a copy of any such assignment notice with the Administrative Counsel by e-mail at leases@mail.house.gov.
- 12. Sale or Transfer of Leased Premises. Lessor shall provide thirty (30) days prior written notice to Lessee in the event (a) of any sale to a third party of any part of the leased premises, or (b) Lessor transfers or otherwise disposes of any of the leased premises, and provide documentation evidencing such sale or transfer in such notice. Lessor shall promptly file a copy of any such sale or transfer notice with the Administrative Counsel by e-mail at leases@mail.house.gov.
- 13. Bankruptcy and Foreclosure. In the event (a) Lessor is placed in bankruptcy proceedings (whether voluntarily or involuntarily), (b) the leased premises is foreclosed upon, or (c) of any similar occurrence, Lessor agrees to promptly notify Lessee in writing. Lessor shall promptly file a copy of any such notice with the Office of Finance, U.S. House of Representatives, O'Neill Federal Building, Suite 3100, Attn: Office of Financial Counseling, Washington, D.C. 20515, and with the Administrative Counsel by e-mail at leases@mail.house.gov.
- 14. Estoppel Certificates. Lessee agrees to sign an estoppel certificate relating to the leased premises (usually used in instances when the Lessor is selling or refinancing the building) upon the request of the Lessor. Such an estoppel certificate shall require the review of the Administrative Counsel, prior to Lessee signing the estoppel certificate. Lessor shall promptly provide a copy of any such estoppel certificate to the Administrative Counsel by e-mail at leases@mail.house.gov.

### **District Office Lease Attachment**

(Page 4 of 5 – 116th Congress)

- **Maintenance of Common Areas.** Lessor agrees to maintain in good order, at its sole expense, all public and common areas of the building including, but not limited to, all sidewalks, parking areas, lobbies, elevators, escalators, entryways, exits, alleys and other like areas.
- **Maintenance of Structural Components.** Lessor also agrees to maintain in good order, repair or replace as needed, at its sole expense, all structural and other components of the premises including, but not limited to, roofs, ceilings, walls (interior and exterior), floors, windows, doors, foundations, fixtures, and all mechanical, plumbing, electrical and air conditioning/heating systems or equipment (including window air conditioning units provided by the Lessor) serving the premises.
- 17. Lessor Liability for Failure to Maintain. Lessor shall be liable for any damage, either to persons or property, sustained by Lessee or any of his or her employees or guests, caused by Lessor's failure to fulfill its obligations under Sections 15 and 16.
- **18. Initial Alterations.** Lessor shall make any initial alterations to the leased premises, as requested by Lessee and subject to Lessor's consent, which shall not be unreasonably withheld. The cost of such initial alterations shall be included in the annual rental rate.
- 19. Federal Tort Claims Act. Lessor agrees that the Federal Tort Claims Act, 28 U.S.C. §§ 2671-80, satisfies any and all obligations on the part of the Lessee to purchase private liability insurance. Lessee shall not be required to provide any certificates of insurance to Lessor.
- **20. Limitation of Liability.** Lessor agrees that neither Lessee nor the House nor any of the House's officers or employees will indemnify or hold harmless Lessor against any liability of Lessor to any third party that may arise during or as a result of the Lease or Lessee's tenancy.
- 21. Compliance with Laws. Lessor shall be solely responsible for complying with all applicable permitting and zoning ordinances or requirements, and with all local and state building codes, safety codes and handicap accessibility codes (including the Americans with Disabilities Act), both in the common areas of the building and the leased space of the Lessee.
- **Electronic Funds Transfer.** Lessor agrees to accept monthly rent payments by Electronic Funds Transfer and agrees to provide the Office of Finance, U.S. House of Representatives, with all banking information necessary to facilitate such payments.
- **Refunds.** Lessor shall promptly refund to the CAO, without formal demand, any payment made to the Lessor by the CAO for any period for which rent is not owed because the Lease has ended or been terminated.
- **24. Conflict.** Should any provision of this Attachment be inconsistent with any provision of the attached Lease or attached Amendment, the provisions of this Attachment shall control, and those inconsistent provisions of the Lease or the Amendment shall have no force and effect to the extent of such inconsistency.

### **District Office Lease Attachment**

(Page 5 of 5 – 116th Congress)

- **25. Construction.** Unless the clear meaning requires otherwise, words of feminine, masculine or neuter gender include all other genders and, wherever appropriate, words in the singular include the plural and vice versa.
- **26. Fair Market Value.** The Lease or Amendment is entered into at fair market value as the result of a bona fide, arms-length, marketplace transaction. The Lessor and Lessee certify that the parties are not relatives nor have had, or continue to have, a professional or legal relationship (except as a landlord and tenant).
- **District Certification.** The Lessee certifies that the office space that is the subject of the Lease is located within the district the Lessee was elected to represent unless otherwise authorized by Regulations of the Committee on House Administration.
- **28. Counterparts.** This Attachment may be executed in any number of counterparts and by facsimile copy, each of which shall be deemed to be an original but all of which together shall be deemed to be one and the same instrument.
- **29. Section Headings.** The section headings of this Attachment are for convenience of reference only and shall not be deemed to limit or affect any of the provisions hereof.

#### RESOLUTION TO APPROVE LEASE AGREEMENT BETWEEN BLOUNT COUNTY, TENNESSEE AND TOWNSEND, TENNESSEE RELATIVE TO KINZEL SPRINGS ROAD BRIDGE

**BE IT RESOLVED** by the Board of Commissioners of Blount County, Tennessee, in session assembled January 17, 2019.

**WHEREAS,** Blount County, Tennessee (hereinafter "Blount County") is the owner of the Kinzel Springs Road Bridge in Townsend, Tennessee; and

**WHEREAS**, Blount County has previously determined that Kinzel Springs Road Bridge is no longer structurally sound for the purposes of automobile and motorized traffic and it was determined that it would be more economically feasible to rehabilitate the Kinzel Springs Road Bridge for the purpose of pedestrian and bicycle traffic only rather than completely demolishing the bridge; and

WHEREAS, Townsend, Tennessee (hereinafter "Townsend") has agreed to lease and maintain said property for the purposes of pedestrian and bicycle traffic for citizens and visitors of the Townsend area; and

**WHEREAS**, it is in the best interest of the citizens of Blount County that the Kinzel Springs Road Bridge be used for the purposes of pedestrian and bicycle traffic.

**NOW THEREFORE, BE IT RESOLVED** by the Board of Commissioners of Blount County, Tennessee, that the Lease Agreement relative to the Kinzel Springs Road Bridge between Blount County, Tennessee and Townsend, Tennessee, which is attached hereto as Exhibit 1 and incorporated herein by reference, is approved and the Mayor is hereby authorized to execute the Agreement on behalf of Blount County.

BE IT FURTHER RESOLVED THAT THIS RESOLUTION SHALL TAKE EFFECT FROM AND AFTER PASSAGE, THE PUBLIC WELFARE REQUIRING IT.

#### LEASE AGREEMENT

THIS AGREEMENT is made and entered into by and between BLOUNT COUNTY, TENNESSEE, ("Blount County") a political subdivision of the State of Tennessee and the CITY OF TOWNSEND, TENNESSEE, ("Townsend") a municipality and political subdivision of the State of Tennessee.

WHEREAS, Blount County, Tennessee owns the Kinzel Springs Road Bridge which spans over the Little River; and

WHEREAS, Blount County, Tennessee has determined that the Kinzel Springs Road Bridge was no longer structurally sound for the purposes of automobile and motorized traffic and therefore, Blount County was contemplating completely closing down and demolishing Kinzel Springs Road Bridge; and

WHEREAS, it was determined that it would be more economically feasible to rehabilitate the Kinzel Springs Road Bridge for the purpose of pedestrian and bicycle traffic only rather than completely demolishing the bridge; and

WHEREAS, the Lessor Townsend, Tennessee has encouraged Blount County to rehabilitate the Kinzel Springs Road Bridge for purposes of pedestrian and bicycle traffic with an understanding that Townsend would be willing to lease said property and maintain the same to provide pedestrian and bicycle access to the bridge for citizens and visitors of the Townsend area; and

WHEREAS Blount County and Townsend both agree that it will be in the best interest of the citizens of Blount County and Townsend to have the Kinzel Springs Road Bridge available as a pedestrian and bicycle bridge.

NOW, THEREFORE the parties agree as follows:

1. Blount County hereby leases and rents to Townsend and Townsend hereby accepts

as tenant and lessee, the Kinzel Springs Road Bridge which extends over Little River and will include the point from the right-of-way on each end of the bridge and the entire bridge area crossing Little River. This lease shall begin on the \_\_\_\_\_ day of \_\_\_\_\_, 2018 and shall continue for a period of ninety-nine (99) years from the date this lease is executed.

- 2. Townsend shall pay Blount County the sum of One Dollar (\$1.00) per year as rental for the leased premises which amount shall be due on the 1<sup>st</sup> day of July each year during the term of this lease.
- 3. Townsend shall use the leased bridge only for pedestrian, bicycle and other non-motorized traffic as the bridge is not structurally sound enough for automobile or other motorized vehicle traffic.
  - 4. Townsend shall not assign, transfer or sublet the leased premises or any part thereof.
- 5. Townsend shall be solely responsible for the maintenance and care of the leased premises which shall be kept in a good state of repair and in compliance with all applicable federal, state and county regulations.
- 6. Townsend may erect, at its own cost and expense, any such signage as may be reasonably necessary for the use of the leased premises.
- 7. Townsend may cover the bridge so as to make the bridge a covered bridge, but shall do so at their own cost and expense.
- 8. Townsend shall keep in effect public liability insurance upon the leased premises in an amount not less than One Million Dollars (\$1,000,000) per incident and Two Million Dollars (\$2,000,000) in the aggregate, with Blount County named as an additional insured thereunder.
- 9. Townsend shall provide Blount County with certificates of insurance on or before July 1<sup>st</sup> of each year evidencing that the insurance coverage required above is in effect. This certificate shall contain a provision that the coverage afforded under the policy will not be cancelled or allowed to expire until at least thirty (30) days prior written notice has been given to Blount County.
  - 10. This lease shall be binding upon the parties hereto and their successors in interest.
- 11. This lease shall become effective only upon approval of the Lease Agreement by the governing bodies of Blount County, Tennessee and Townsend, Tennessee.

IN WITNESS WHEREOF, the parties he	reto have executed this Lease Agreement
as of the 18th day of December	_, 2018.

## A RESOLUTION TO IMPLEMENT A TECHNICAL CORRECTION TO THE BLOUNT COUNTY GOVERNMENT HANDBOOK

**WHEREAS**, the Board of County Commissioners of Blount County, Tennessee assembled in regular session on the 15<sup>th</sup> day of November 2018, adopted the Blount County Employee Handbook.

**WHEREAS**, the Blount County Government handbook refers to the 6-month period of time after the hire of an employee as both an "introductory period" and "probationary period".

**WHEREAS**, to create consistency throughout the Blount County Government Handbook, the Blount County Human Resources Committee met on the 2<sup>nd</sup> day of January 2019; and made a recommendation, that the term "Introductory Period" be used throughout the Handbook to refer to the employee status for the first 6 months of employment.

**NOW, THEREFORE BE IT RESOLVED** by the Board of County Commissioners of Blount County, Tennessee, assembled in regular session this 17<sup>th</sup> day of January, 2019, that the term "Introductory Period" be used throughout the Blount County Government Handbook when referring to the employee status for the first 6 months of employment.

BE IT FURTHER RESOLVED THAT THIS RESOLUTION TAKE EFFECT FROM AND AFTER ITS PASSAGE, THE PUBLIC WELFARE REQUIRING IT; AND THAT ANY PRIOR RESOLUTION TO THE CONTRARY IS HEREBY DECLARED VOID.

## Chapter 1 - Introduction

Evergreen Solutions, LLC (Evergreen) was contracted in September 2017 by Blount County (County), Tennessee to conduct a Compensation Plan Update. The County's current plan was implemented in July 2015 following a Compensation and Classification Study which was also conducted by Evergreen. A recommendation was made then that the County conduct a review of its compensation system periodically to maintain its competitiveness. Following that guidance, the County's leadership requested an update to ensure its pay structure remains competitive, and in fact, be positioned ahead of the market. This report presents the findings and recommendations of this update.

#### 1.1 STUDY METHODOLOGY

Evergreen used a combination of quantitative and qualitative methods to analyze and develop recommendations to position the County's pay structure at a more competitive position within the labor market. Specific study tasks included:

- holding a study kick-off meeting;
- analyzing the County's current salary structure to determine its strengths and weaknesses;
- conducting a salary survey to assess the market competitiveness of the County's current pay plan;
- developing recommendations for revisions to or new pay plans;
- developing a method for implementing the proposed plans; and
- creating a report summarizing the review findings and recommendations.

#### **Kick-off Meeting**

The kick-off meeting allowed members of the study team from the County and Evergreen to discuss different aspects of the study. During the meeting, information about the County's compensation structure was reviewed and the work plan for the study was finalized. The meeting also provided an opportunity for Evergreen to explain the types of data needed to begin the study.

#### **Assessment of Current Conditions**

This analysis provided an overall assessment of the County's current pay structure (plan) and related employee data at the time of the study. The current pay plan and the progression of employees' salaries through the pay ranges were examined during this process. The findings of this analysis are summarized in **Chapter 2** of this report.

#### **Market Analysis**

For the market analysis, the peer organizations that were utilized in the previous study were again determined as appropriate for this analysis with emphasis placed on collecting peer County data. The peers identified were those that compete with the County for employees and the benchmark classifications utilized in this study represented a cross-section of the departments and levels of work performed by County employees. Following the identification of the peers and benchmarks, a salary survey tool was developed for the collection of salary range data. Salary data were then collected and analyzed; a summary of which can be found in **Chapter 3** of this report.

#### Recommendations

The County's compensation philosophy was reviewed to understand its desired market position, preferred type of pay plan design and methods of salary progression. Using this information and the analysis of the market data, a recommendation for a new structure (pay plans) was developed. Next, a method of implementation was developed to transition employees' salaries into the new plans, and the associated costs of adjusting employees' salaries were estimated. A summary of these recommendations is provided in **Chapter 4** of this report.

#### 1.2 REPORT ORGANIZATION

This report includes the following additional chapters:

- Chapter 2 Assessment of Current Conditions
- Chapter 3 Market Summary
- Chapter 4 Recommendations

#### EVERGREEN SOLUTIONS, LLC

# Chapter 2 – Assessment of Current Conditions

The purpose of this evaluation was to provide an overall assessment of the County's compensation structure, employee salary progression, and employee counts in each department. Data included here reflect the conditions when the study began, and should be considered, as such, a snapshot in time. The insights gained from this evaluation provided the basis for further analysis through the course of this study, and were not considered sufficient cause for recommendations independently. Instead, the results of this evaluation were considered during the analysis of internal equity and peer market data. Subsequently, appropriate compensation related recommendations were developed for the County and are described later in this report.

#### 2.1 PAY PLAN ANALYSIS

**Exhibit 2A** illustrates that the County administered a step-based pay plan for its employees, with established minimum and maximum salaries. The pay plan consisted of 20 pay grades with 25 steps each for 671 employees. Grades 101 through 112 have a 1.8 percent step progression and a 55 percent range. Grades 113 through 120 have a 2.1 percent step progression and a 65 percent range spread.

#### 2.2 EMPLOYEE SALARY PLACEMENT BY GRADE

When assessing the effectiveness of the County's pay plan and practices, it is important to analyze where employees' salaries fell within each pay range. Identifying those areas where there may have been clusters of employees' salaries could illuminate potential pay progression concerns within the current pay plan. It should be noted that employees' salaries, and the progression of the same, is associated with an organization's compensation philosophy—specifically, the method of salary progression and the availability of resources. Therefore, the placement of employees' salaries should be viewed with this context in mind.

**Exhibit 2B** illustrates the placement of employees' salaries relative to pay grade minimums and maximums. The exhibit contains the following:

- the pay grades,
- the number of employees in classifications assigned to the pay grade,
- the number and percentage of employees with salaries below the minimum,
- the number and percentage of employees with salaries at the minimum,
- the number and percentage of employees with salaries at the maximum, and
- the number and percentage of employees with salaries above the maximum.

Employees with salaries at the grade minimum are typically new hires or are new to their classification following a recent promotion; on the other hand, employees with salaries at the grade maximum are typically highly experienced and proficient in their classification. As **Exhibit 2B** illustrates, at the time of this study, there were six employees with salaries at their grade minimum and no employees with a salary at their grade maximum. The exhibit also shows that 25 employees earned a salary below their designated salary range minimum and 17 earned a salary above their designated salary range maximum.

**Exhibit 2C** illustrates the placement of employees' salaries relative to pay grade midpoints. The exhibit contains the following:

- the pay grades,
- the number of employees in classifications assigned to the pay grade,
- the number and percentage of employees with salaries below the midpoint,
- the number and percentage of employees with salaries near the midpoint (within 5 percent), and
- the number and percentage of employees with salaries above the midpoint of each pay grade.

Employees with salaries close to the midpoint of a pay range should be fully proficient in their classification and require minimal supervision to satisfactorily complete their job duties. Within this framework, grade midpoint is commonly considered to be the salary an individual could reasonably expect for similar work in the market. Therefore, it is important to examine the percentage and number of employees with salaries above and below the calculated midpoint.

With midpoint being defined as five percent on either side of the calculated midpoint (Near Mid), there were 490 employees (73.0 percent) that had salaries below the midpoint of their respective range (< Near Mid), 94 employees (14.0 percent) had salaries within five percent of the midpoint (Near Mid), and 87 employees (13.0 percent) had salaries above the midpoint (> Near Mid).

#### 2.3 SALARY QUARTILE ANALYSIS

This section provides an additional analysis of the distribution of employees' salaries across the pay grades at the time of this study. Examining employee salary placement by grade quartile provided insight into whether clustering of employees' salaries existed within each pay grade. For this analysis, employees' salaries were slotted within one of four equal distributions. The first quartile (0-25) represents the lowest 25 percent of the pay range. The second quartile (26-50) represents the segment of the pay range above the first quartile up to the pay range's midpoint. The third quartile (51-75) represents the part of the pay range above the midpoint up to the 75th percentile of the pay range. The fourth quartile (76-100) is the highest 25 percent of the pay range. This analytical method provided an opportunity to assess how employees' salaries are disbursed throughout each grade (pay range).

**Exhibit 2D** provides a breakdown of placement of employees' salaries relative to salary quartile and provides the following:

- the pay grades,
- the number of employees per pay grade, and
- the location (by quartile) of the employees' salaries within each grade.

The County's employees' salaries were strongly skewed towards the lower end of their respective salary ranges. In order of employee concentration, 407 employees (60.7 percent) had salaries in the first quartile of their respective pay ranges. The next largest cluster of employees' salaries was found in the second quartile with 152 employees (22.7 percent). Additionally, 66 employees (9.8 percent) had salaries in the third quartile of their respective pay ranges, while 46 (6.9 percent) earned in the fourth quartile of their respective pay ranges.

#### 2.4 EMPLOYEES BY DEPARTMENT

At the time the study commenced, the County employed 671 individuals across 34 departments. **Exhibit 2E** depicts the number of employees and the number of classifications in each department and is intended only to provide basic information regarding how employees are distributed among departments. Also provided is the percentage breakdown of employees by department.

As the exhibit illustrates, the largest department in the County was Support Operations, with 128 employees representing 19.1 percent of the County's workforce.

#### 2.5 SUMMARY

Overall, the County's compensation structure offered a firm foundation on which to improve. The key points of the current structure were:

- The County administered a step-based plan for its employees with 20 pay grades with 25 steps. The pay grades had constant range spreads of 55 percent for Grades 101 through 112 and 65 percent for Grades 113 through 120.
- Employee salaries were significantly skewed towards the lower end of their respective pay ranges, with approximately 83 percent of salaries falling within the first two quartiles of the salary range.

The County's pay plan provided employees with a clear pay structure in which they could reasonable expect to achieve salary growth. As a pay system is intended to encourage this growth based on an organization's compensation philosophy, this analysis revealed that the County faced challenges in successfully progressing employees' salaries throughout the plan's pay ranges.

The information gained from the review of current conditions was used in conjunction with the market analysis data to develop recommendations for a more competitive compensation plan that would best align with the County's compensation philosophy moving forward. These can be found in **Chapter 4** of this report.

#### EVERGREEN SOLUTIONS, LLC

## Chapter 3 - Market Summary

This chapter provides a market analysis in which the County's salary ranges were compared to those at peer organizations. The data from targeted market peers were used to evaluate the overall compensation at the County at the time of this study. It is important to note that the market comparisons contained herein do not translate well at the individual employee level and are instead used to provide an overall analysis. This is not intended to evaluate salaries paid to individuals as this compensation is determined through a combination of factors which could typically include: the demand for a job, a candidate's prior experience, or an individual's negotiation skills during the hiring process.

Furthermore, it should be noted that market comparisons are best thought of as a snapshot of current market conditions. In other words, market conditions change and, in some cases, change quickly; so, while these surveys are useful for making updates to salary structures, they must continue to be done at regular intervals if the County wishes to remain current with its peers and salary trends.

#### 3.1 SALARY SURVEY RESULTS

Evergreen collected pay range information from target organizations utilizing a salary survey tool. This included selecting benchmark classifications to be surveyed. The desired outcome of benchmarking was to select a cross-section of the County's classifications so that the surveyed positions made up a subset of all work areas and job levels in the County. The job title, a description of assigned duties, and the education and experience requirements were provided in the survey tool for each benchmark classification.

The target peers were then selected by Evergreen with concurrence from the County's project team. Several factors were utilized when developing this peer list, including geographic proximity to the County, organization size, and the relative population being served by the organization. All collected data were adjusted for cost of living using a national cost of living index factor which allowed salary dollars from organizations outside of the immediate recruiting area to be adjusted for the cost of living relative to the County. **Exhibit 3A** provides the list of market peers from which data were collected from 18 peers for 100 benchmark classifications.

<sup>\*</sup>Bold indicates data collected from peer

As an outcome of this study, the County expressed a desire to have a salary structure ahead of its peers. Specifically, the County wanted to have a pay plan for General Employees at the 65th percentile, and a plan for Sworn Sheriff Employees at the 75th percentile. To determine the position of the existing structure and create new pay plans, Evergreen compared the County's salary ranges for the benchmark classifications to the 65th percentile and to the 75th percentile. The collected market data was also aged, or adjusted by one percent before calculating the pay range differentials. Aging the market data provided more realistic results as the data were collected in December 2017, and market ranges overall steadily increase over time. Exhibits 3B and 3C provide a summary of the comparison of the benchmark classifications to the 65th percentile and 75th percentile of the market, respectively, and contain the following:

- The market salary range information for each classification. This indicates the market minimum, midpoint, and maximum of the peer survey data for each benchmarked classification.
- The percent differentials (to the County's existing salary ranges). A positive
  differential indicates the County was above the market average for that classification
  at the minimum, midpoint, or maximum. A negative differential indicates the County
  was below the desired market position for that classification. The final row near the
  bottom provides the average percent differentials for the minimum, midpoint, and
  maximum for all surveyed classifications collectively.
- The survey average range width. This provides the average range width for each classification surveyed determined by the average minimum and average maximum salaries of the respondents, relative to the minimum. The average range width for all the classifications collectively is provided in the final row. The number of responses collected for each classification is provided in the final column and the average number of responses for all the classifications is provided in the final row.

#### **Market Minimums**

A starting point of the analysis was to compare the peer's market minimum for each classification to the County's range minimums. Market minimums are generally considered as an entry level salary for employees who meet the minimum qualifications of a classification. Those employees with salaries at or near the range minimums typically are unlikely to have mastered the job and probably have not acquired the skills and experience necessary to be fully proficient in their classification.

As **Exhibits 3B** and **3C** illustrate, for the benchmarked classifications, the County was, on average, approximately 12.9 percent below its desired market position at the minimum of the respective salary ranges with regard to the 65<sup>th</sup> percentile, and 17.1 percent below its desired market position with regard to the 75<sup>th</sup> percentile. The following observations can be made based on the collected data:

- Of the 99 classifications surveyed with differentials, 84 classifications (84.8 percent) had differentials below the market 65<sup>th</sup> percentile at the minimum.
- Of the 99 classifications surveyed with differentials, 87 classifications (87.9 percent) had differentials below the market 75<sup>th</sup> percentile at the minimum.

#### **Market Midpoint**

Market midpoints are important to consider because they are commonly recognized as the salary point at which employees are fully proficient in satisfactorily performing their work. As such, midpoint is often considered as the salary point at which a fully proficient employee could expect his or her salary to be placed.

As **Exhibits 3B** and **3C** illustrate, for the benchmarked classifications, the County was, on average, approximately 9.2 percent below the market 65<sup>th</sup> percentile at the midpoint of the respective salary ranges and 13.1 percent below the market 75<sup>th</sup> percentile. Based on the collected data, the following observations can be made:

- Of the 99 classifications surveyed with differentials, 79 classifications (80.0 percent) had differentials below the market 65<sup>th</sup> percentile at the midpoint.
- Of the 99 classifications surveyed with differentials, 86 classifications (86.9 percent) had differentials below the market 75<sup>th</sup> percentile at the midpoint.

#### **Market Maximums**

In this section, the average of the peer salary range maximums is compared to the County's range maximums for each benchmarked classification. The market maximum is significant as it represents the upper limit salary that an organization might provide to retain and/or reward experienced and high performing employees. Additionally, being competitive at the maximum allows organizations to attract highly qualified individuals for in-demand classifications.

As **Exhibits 3B** and **3C** illustrate, the County's benchmark positions were, on average, 6.2 percent below the market 65<sup>th</sup> percentile at the maximum of the respective salary ranges and 11.0 percent below the market 75<sup>th</sup> percentile. Based on the collected data, the following observations can be made:

- Of the 99 classifications surveyed with differentials, 69 classifications (70.0 percent) had differentials below the market 65<sup>th</sup> percentile at the maximum.
- Of the 99 classifications surveyed with differentials, 81 classifications (81.8 percent) had differentials below the market 75<sup>th</sup> percentile at the maximum.

#### 3.2 MARKET SUMMARY

From the analysis of the data gathered in the external market assessment discussed above, the benchmark classifications' salary ranges were primarily found to be below the County's desired 65<sup>th</sup> and 75<sup>th</sup> percentile market positions. The review of the data indicates the County will benefit from the development and implementation of new pay plans aligned with its desired market positions for General and Sworn Sheriff Employees. The proposed new plans and additional recommendations can be found in the next chapter of this report.

## Chapter 4 - Recommendations

The analysis of the County's current pay structure, peer salary data and desired market position revealed a need for the development of new pay plans. Evergreen worked to build on the strength of the existing pay structure while improving its overall competitiveness. Study recommendations, as well as the findings that led to each, are discussed in this chapter.

#### 4.1 COMPENSATION

The compensation analysis included conducting an external market salary survey to assess the competitiveness of the current pay plan. During this assessment, the County's pay ranges for selected benchmark classifications were compared to the 65<sup>th</sup> percentile and 75<sup>th</sup> percentile of the identified market. Details regarding the external market assessment were provided in **Chapter 3** of this report.

#### FINDING:

Based on the results of the salary survey, the County's pay plan was found to have salary ranges that overall lagged its desired market position(s). This indicated a need for the development of new pay plans to achieve the County's desire to have a General Employee pay plan at the 65<sup>th</sup> percentile and a Sworn Sheriff Employee Pay Plan at the 75<sup>th</sup> percentile.

RECOMMENDATION 1: Create new step-based pay plans to align with the desired above market positions. Slot each classification in the respective new plan based on internal and external equity and transition employees' salaries into the plans.

**Exhibit 4A** shows the proposed new step-based pay plan for General Employees with 20 pay grades, numbered 301 through 320. The range spreads are consistently 56.0 percent throughout, differing from the plan adopted in 2015 to be more similar to peer structures.

After developing the new pay plans, Evergreen slotted all classifications into the appropriate pay range within the plans. Both internal and external equity were analyzed when slotting the classifications. Assigning pay grades to classifications requires a balance of internal equity, desired market position, and recruitment and retention concerns. Thus, market range data shown in **Chapter 3** were not the sole criteria for the proposed slotting of each classification. Some classifications' grade assignments varied from their associated market range due to the other factors mentioned above. The resulting recommended pay grades (ranges) for each of the County's classifications are shown in **Exhibits 4C** and **4D**.

After assigning pay grades to classifications, the next step was to develop appropriate alternative methods (options) for transitioning employees' salaries into the new pay plans. This was done utilizing equitable methods of calculating salaries in the new pay plan/grades and determining whether adjustments were necessary to individual salaries to bring them to their calculated salary. Evergreen recommended several options and the County chose the following method of implementing the new plans.

#### Move Toward Market (3-Tier) & Closest Step in Revised Pay Plan:

With this option, employees are first brought to the minimum of their respective proposed pay grade if not already at or above this value. Then, employees' salaries are moved closer toward the market point of their proposed pay grade range based on total tenure. The 'tiers' used in this method are 1-3 years, 3-7 years, and over 7 years. Increments are designed to give larger adjustments (in percentage terms) to those with salaries furthest from the market (midpoint) and to provide greater adjustments to those employees with more tenure. Employees at or above the market point are unaffected. Next, all employees whether above or below the market point of their respective ranges are brought up to the nearest step value in their respective pay grades. If any employees already had salaries above the highest step in their pay grade, their salary was unaffected.

Utilizing this approach, adjustments were recommended for 509 general employees, planned to be effective July 1, 2019 with an approximate annualized cost of \$1,681,900. Adjustments were also recommended for 158 sworn Sheriff employees, effective July 1, 2019 with an approximate annualized cost of \$592,584. This is the approximate cost for salary adjustments (only) and does not include the associated costs for employee benefits.

#### 4.2 SYSTEM ADMINISTRATION

The County's compensation system will continue to require periodic maintenance. The recommendations provided to improve the competiveness of the plan were developed based on conditions at the time the data were collected. Without proper upkeep, the potential for recruitment and retention issues may increase as the compensation and classification system becomes dated and less competitive.

RECOMMENDATION 2: Conduct small-scale salary surveys as needed to assess the market competitiveness of hard-to-fill classifications and/or classifications with retention issues, and make changes to pay grade assignments if necessary.

While it is unlikely that the pay plans will need to be adjusted for several years, a small number of classifications' pay grades may need to be reassigned more frequently. If one or more classifications are exhibiting high turnover or are having difficulty with recruitment, the County should collect salary range data from peer organizations to determine whether an adjustment is needed for the pay grade of the classification(s). If increasing a classification's pay grade based on market data does not help with the recruitment and/or retention issues, it may be necessary for the County to offer incentives to attract employees to the position and/or to encourage employees to remain in the position.

RECOMMENDATION 3: Conduct a comprehensive classification and compensation study every three to five years.

Small-scale salary surveys can improve the market position of specific classifications, but it is recommended that a full classification and compensation study be conducted every three to five years to preserve both internal and external equity for the County. Changes to classification and compensation do occur, and while the increments of change may seem minor, they can compound over time. A failure to react to these changes quickly has the potential to place the County in less than desirable position for recruiting and retaining quality employees.

### 4.4 **SUMMARY**

The recommendations in this chapter provide an update to the compensation system for County employees. If implemented, the recommendations will enhance the County's competitiveness in the labor market. By implementing the new (updated) pay plans, the County will have a responsive compensation system for several years to come. While the upkeep of this will require work, the County will find that having a more competitive compensation system that enhances strong recruitment and employee retention is well worth this commitment.

**RE:** Compensation Plan Update

DATE: December 20, 2018

Blount County Government contracted with Evergreen Solutions, LLC in 2014 to conduct an Employee Classification and Compensation study. Prior to that time, Blount County did not have an organized county-wide employee classification and compensation system, so Evergreen Solutions, LLC was contracted to help develop and implement a step-based, competitive classification and compensation system. One of the recommendations, at that time, was to conduct a compensation update study every 3 to 5 years to preserve both the internal and external equity for the County's pay system. Following that guidance, in late 2017 Blount County requested an update to ensure its pay structure remains competitive. Again, the County contracted with Evergreen Solutions, LLC.

Evergreen Solutions analyzed both our current salary structure and market competitiveness of the plan; then, as a result of their findings, developed recommendations for a new pay plan and method of implementation. The results of the study are outlined in the draft report attached.

The results of the compensation update study have been reviewed by members of the HR and Finance departments and discussed, at length, with the team from Evergreen Solutions to ensure understanding of the findings and recommendations. Additionally, the study and implementation plan were presented to each of the elected officeholders and the results were reviewed in detail. I trust this information along with the draft report from Evergreen Solutions will enhance your understanding of the study results provided in your briefing.

With the support of the HR committee, we will ask commission to approve the updated pay plan, fulfilling the commitment to review the plan every 3-5 years. If approved, we will use this calculous to determine the budget for fiscal year 19-20 and implement the changes in July 2019.

If you have questions after reviewing the information, please don't hesitate to contact me via email at jjohnson@blounttn.org or via phone at 865-273-5721.

Thank you,

Jaclyn Johnson
